\* Valid in Singapore only. Conditions apply to Online Warranty Registration

### Canon Asia Traveller Protection Programme

The Canon Asia Traveller Protection Programme (ATPP) enables you to travel across 13 countries and regions in Asia\* with easy access to professional repair services for your Canon product should the need arises. This premium service covers Canon products bought from an official Canon distributor and have been given an official Canon warranty.

Upon return, contact your home country's Canon office for reimbursement matters on repair services. Contact details can be found on your warranty card.

\*Please refer to <https://asia.canon/atpp> for the list of countries/regions eligible for the programme. Kindly note that the ATPP is only valid for the first year of your local warranty.

## Warranty for Tourists from CHINA and INDIA

The following products purchased in Singapore are entitled to warranty in China or India:

- All digital cameras (PowerShot, IXUS and EOS models \*)
- All consumer digital camcorders (excludes semi-professional and professional range)
- All SELPHY compact photo printers
- All camera lenses

### What to do when you need product service in China?

1. Present your local Singapore warranty card & proof of purchase to Canon authorized service centres in China
2. You do not need to register your warranty online
3. Refer to <https://www.canon.com.cn> for a list of authorized service centres and local warranty terms.

### What to do when you need product service in India?

1. Register your warranty online at <https://in.canon>
2. When you require product service, present your local Singapore warranty card & proof of purchase to Canon authorized service centres in India.
3. Refer to <https://in.canon> for a list of authorized service centres

For information on China & India warranty, visit <https://sg.canon/tourist-warranty>

\* Due to Chinese government regulations, cameras with built-in GPS will not be covered under warranty and serviceable in China.
